

## PROFILE

Experienced and results-driven web developer with a strong foundation in front-end and back-end technologies. Proficient in HTML, CSS, JavaScript, and modern frameworks like React.js, I specialize in creating responsive, user-friendly websites that prioritize performance and accessibility. With a passion for clean, efficient code, I collaborate closely with designers and clients to deliver customized web solutions that align with business goals. Skilled in Git, version control, and web optimization, I am constantly expanding my expertise to keep up with emerging trends in the industry.
